PaceBook

D 110

The best of both worlds!

Durable Mobility

A fully-fledged PC that can be used anywhere; it has all the advantages of a notebook, without the various disadvantages. The PaceBook is a ruggedized computer, built for outstanding performance in industrial and outdoor working environments. The strong magnesium casing and the durable 12.1" screen contribute to its long term reliability in challenging situations.

Outstanding Versatility

Use the PaceBook when, wherever and in any way you like. It automatically switches between Digitizer and Touchscreen input. Rest your palm on the display when using the Digitizer and handwriting recognition or type directly with ten fingers on the PaceBlade OnScreen keyboard.

No more need to choose between Digitizer or Touch;

Now you have both in one.

PaceBook

Specifications D110
