

WHY SHOULD YOUR CUSTOMER PURCHASE A PLANTRONICS HEADSET?

Today, communications – via traditional phones, mobiles or Internet telephony – are at the centre of virtually every business activity. Businesses and organisations need trusted partners and suppliers for their hardware solutions that support all their business activities.

Plantronics offers:

- An unmatched track record
- Proven acoustic excellence
- Exceptional product range
- Industry leading service and support.

As the worldwide market leader and partner of major corporations such as Alcatel-Lucent, we spend millions of dollars every year researching and developing sound solutions that anticipate and respond to all the business needs of your customers.

Why use a headset?

Research shows that overall productivity could be increased by up to 43%* simply by using a telephone headset, rather than a traditional telephone handset.

Most of all, headsets empower the individual user by providing five key advantages:

- **Hands free Advantage:** No more juggling with your phone handset – type and talk as well as collecting that important document from the printer – complete office freedom
- **Sound Advantage:** More clarity – you can hear better and be heard. It saves time and reduces stress
- **Ergonomic Advantage:** No more cradling a handset between your shoulder and neck – you can be more comfortable and avoid strain, back and neck pain
- **Mobility Advantage:** No more being tied to your phone – you're free to move around as you talk and you will miss less calls and stop diversion to voicemail – improve customers satisfaction
- **Efficiency Advantage:** Be able to multi-task whilst managing your daily activities – your phone, mobile and PC all enable you to become more productive.

Complete peace of mind with industry leading warranties

All our call centre and office products come with a standard 2 year warranty with the option, at the time of purchase, to extend to a third year warranty (corded call centre and office headsets, amplifiers and adapters only).

More information

Contact us on the telephone numbers overleaf for more information or visit www.plantronics.com. To ensure all our channel partners have access to the most current product information and sales tools, visit www.plantronet

Additional Sales opportunities

Plantronics offer a wide range of accessories for our headset range. From handset lifter and amplifiers to coloured voice tubes and gel ear cushions. Always ensuring the best headset wearing experience.

MAKE THE RIGHT CHOICE

TCO'07 Headsets is a global labelling certification for Headsets. It demonstrates that Plantronics products have passed independent research and testing across users, manufacturers, researchers and industry experts.

TCO approved headsets have fulfilled the following criteria:

- ✓ **Ergonomics**
 - Built-in acoustic limit protection
 - Easily adjustable with flexible wearing styles
 - Replaceable parts for better hygiene
- ✓ **Ecology**
 - ISO 14001 certified manufacturing
 - Minimisation of environmentally hazardous substances
- ✓ **Emissions**
 - Low SAR radiation (below 0.04 W/kg)
 - Low electric/magnetic fields
- ✓ **Energy**
 - Optimised energy usage and efficiency

Plantronics has a 100% pass rate and more TCO certifications than any other headset manufacturer.

* Research by HB Maynard & Co.

WIRELESS HEADSET INSTALLATION INFORMATION:

Headset set up information	Diagrams
Set rotary switch to 1	
Set rear slide switch to 3	
Set bottom slide switch to B
